IMPORTANT INSTRUCTIONS

- 1. Immediately fill in the particulars on this page of the Test Booklet with Blue/Black Ball Point Pen. Use of Pencil is strictly prohibited.
- 2. The Answer Sheet is kept inside the Test Booklet. When you are directed to open the Test Booklet, take out the Answer Sheet and fill in the particulars carefully.
- 3. The test is of **3 hours** duration.
- 4. The Test Booklet consists of **90** questions. The maximum marks are **432**.
- 5. There are **three** parts in the question paper. The distribution of marks subject wise in each part is as under for each correct response.
 - Part A Chemistry (144 marks) Questions No. 4 to 9 and 13 to 30 consist of FOUR (4) marks each and Question No. 1 to 3 and 10 to 12 consist of EIGHT (8) marks each for each correct response.
 - Part B Physics (144 marks) Questions No. 33 to 49 and 54 to 60 consist of FOUR (4) marks each and Questions No. 31 to 32 and 50 to 53 consist of EIGHT (8) marks each for each correct response.
 - Part C Mathematics (144 marks) Questions No. 61 to 69, 73 to 81 and 85 to 90 consist of FOUR (4) marks each and Questions No. 70 to 72 and 82 to 84 consist of EIGHT (8) marks each for each correct response.
- 6. Candidates will be awarded marks as stated above in Instruction No. 5 for correct response of each question. ¹/₄ (one fourth) marks will be deducted for indicating incorrect response of each question. No **deduction** from the total score will be made **if no response** is indicated for an item in the Answer Sheet.
- 7. Use **Blue/Black Ball Point Pen only** for writing particulars/marking responses on **Side-1** and **Side-2** of the Answer Sheet. **Use of pencil is strictly prohibited.**
- 8. No candidate is allowed to carry any textual material, printed or written, bits of papers, pager, mobile phone, any electronic device, etc., except the Admit Card inside the examination hall/room.
- 9. Rough work is to be done on the space provided for this purpose in the Test Booklet only. This space is given at the bottom of each page and in 4 pages (Pages 20 23) at the end of the booklet.
- 10. On completion of the test, the candidate must hand over the Answer Sheet to the Invigilator on duty in the Room/Hall. However, the candidates are allowed to take away this Test Booklet with them.
- 11. The CODE for this Booklet is **D**. Make sure that the CODE printed on **Side-2** of the Answer Sheet is the same as that on this booklet. In case of discrepancy, the candidate should immediately report the matter to the Invigilator for replacement of both the Test Booklet and the Answer Sheet.
- 12. Do not fold or make any stray marks on the Answer Sheet.

Sol. Since the frequency of ultraviolet light is less than the frequency of X-rays, the energy of each incident photon will be more for X-rays

K.E photoelectron = $hv - \phi$

Stopping potential is to stop the fastest photoelectron

 $V_0 = \frac{hv}{e} - \frac{\phi}{e}$

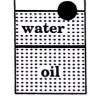

so, K.E $_{max}$ and V $_0$ both increases.

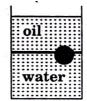

But K.E ranges from zero to $K.E_{max}$ because of loss of energy due to subsequent collisions before getting ejected and not due to range of frequencies in the incident light.

$$m = \cos 120^{\circ} = -\frac{1}{2}$$

$$n = \cos 9$$
where θ is the angle which line makes with positive z-axis.
Now $\ell^{2} + m^{2} + n^{2} = 1$

$$\Rightarrow \frac{1}{2} + \frac{1}{4} + \cos^{2}\theta = 1$$

$$\cos^{2}\theta = \frac{1}{4}$$

The line L given by $\frac{x}{5} + \frac{y}{b} = 1$ passes through the point (13, 32). The line K is parallel to L and has the equation $\frac{x}{c} + \frac{y}{3} = 1$. Then the distance between L and K is
(1) $\sqrt{17}$
(2) $\frac{17}{\sqrt{15}}$
(3) $\frac{23}{\sqrt{17}}$
(4) $\frac{23}{\sqrt{15}}$

Slope of line L = $-\frac{b}{5}$
Slope of line K = $-\frac{3}{c}$.
Line L is parallel to line k.

$$\Rightarrow \frac{b}{5} = \frac{3}{c}$$

$$\Rightarrow bc = 15$$
(13, 32) is a point on L.

$$\Rightarrow \frac{13}{5} + \frac{3b}{2} = 1$$

$$\Rightarrow \frac{32}{b} = -\frac{8}{5}$$

$$\Rightarrow b = -20$$

$$\Rightarrow c = -\frac{3}{4}$$
Equation of K: $y - 4x = 3$
Distance between L and K = $\frac{|52 - 32 + 3|}{\sqrt{17}} = \frac{23}{\sqrt{17}}$

READ THE FOLLOWING INSTRUCTIONS CAREFULLY:

- 1. The candidates should fill in the required particulars on the Test Booklet and Answer Sheet (Side-1) with Blue/Black Ball Point Pen.
- 2. For writing/marking particulars on **Side-2** of the Answer Sheet, use **Blue/Black Ball Point Pen only**.
- 3. The candidates should not write their Roll Numbers anywhere else (except in the specified space) on the Test Booklet/Answer Sheet.
- 4. Out of the four options given for each question, only one option is the correct answer.
- 5. For each **incorrect response**, **one-fourth** (1/4) of the total marks allotted to the question would be deducted from the total score. No deduction from the total score, however, will be made **if no response** is indicated for an item in the Answer Sheet.
- 6. Handle the Test Booklet and Answer Sheet with care, as under no circumstances (except for discrepancy in Test Booklet Code and Answer Sheet Code), will another set be provided.
- 7. The candidates are not allowed to do any rough work or writing work on the Answer Sheet. All calculations/writing work are to be done in the space provided for this purpose in the Test Booklet itself, marked 'Space for Rough Work'. This space is given at the bottom of each page and in 4 pages (Pages 20 23) at the end of the booklet.
- 8. On completion of the test, the candidates must hand over the Answer Sheet to the Invigilator on duty in the Room/Hall. **However, the candidates are allowed to take away this Test Booklet with them.**
- 9. Each candidate must show on demand his/her Admit Card to the Invigilator.
- 10. No candidate, without special permission of the Superintendent or Invigilator, should leave his/her seat.
- 11. The candidates should not leave the Examination Hall without handing over their Answer Sheet to the Invigilator on duty and sign the Attendance Sheet again. Cases where a candidate has not signed the Attendance Sheet a second time will be deemed not to have handed over the Answer Sheet and dealt with as an unfair means case. The candidates are also required to put their left hand THUMB impression in the space provided in the Attendance Sheet.
- 12. Use of Electronic/Manual Calculator and any Electronic Item like mobile phone, pager etc. is prohibited.
- 13. The candidates are governed by all Rules and Regulations of the Board with regard to their conduct in the Examination Hall. All cases of unfair means will be dealt with as per Rules and Regulations of the Board.
- 14. No part of the Test Booklet and Answer Sheet shall be detached under any circumstances.
- 15. Candidates are not allowed to carry any textual material, printed or written, bits of papers, pager, mobile phone, electronic device or any other material except the Admit Card inside the examination hall/room.
