3. Read the following passage

Bangalore, the capital city of Karnataka, is one of India's largest cities and an important industrial centre, But the main thing for which it is enjoying world wide popularity is software industry. Because of enormous growth in computer industry, the city has been described as a 'software Mecca', Bangalore has come up as the Silicon Valley of India . But this status has not been achieved overnight. The seeds of electronics revolution were laid here in the mid 50s with the setting up of big public sector units like Bharat Electronics Ltd. Indian Telephone Industries etc. These industries paved the way for the creation of computer industry. The Karnataka Government is also providing all kinds of facilities to software industry . The city is linked with all parts of the country by rail, road and air, It is a big pool of highly trained professionals .

Answers the following questions:-

- a) Why does Bangalore enjoy world wide popularity?
- b) Name the two places Bangalore has been compared with.
- c) When were the seeds of electronic revolution laid in Bangalore?
- d) Name the two public sectors units set up in Bangalore.
- e) Find out the word form the passage which means: very large.
