Instructions

Following instructions are to be followed while preparing a Question Paper (for 100 Marks).

1. The Question Paper consists of 5 parts – Part A, Part B, Part C, Part D and Part E.

Part A

- 2. The Question Paper consists of Objective-type Questions as follows:
 - a) Multiple Choice Questions two from Statistics for Economics and three from IED. Total 5.
 - b) Fill in the blanks two from Statistics for Economics and three from IED. Total 5.
 - c) Match the following two from Statistics for Economics and three from IED. Total 5.
 - d) Questions to be answered in a word/sentence two from Statistics for Economics and three from IED. Total 5.

Part B

- 3. Questions to be answered in about 4 sentences each question carries 2 marks.
 - 6 from Statistics for Economics any four should be answered
 - 7 from IED any five should be answered.

Part C

- 4. Questions to be answered in about 12 sentences each question carries 4 marks.
 - 5 from Statistics for Economics any three should be answered
 - 6 from IED any four should be answered.

Part D.

- 5. Questions to be answered in about 20 sentences each question carries 6 marks.
 - 3 from Statistics for Economics any two should be answered
 - 3 from IED any two should be answered.

Part E

6. Project-oriented Questions – each question carries 5 marks.

One from Statistics for Economics and Two from IED.

Any two should be answered

Subject Code : 22 (NS) MODEL QUESTION PAPER ECONOMICS

Time: 3 Hours 15 minutes [Max. Marks : 100] **Instruction:** 1. Write the question numbers **legibly** in the margin. 2. Answer for a question should be continuous PART - A I. Choose the correct answer: $1 \times 5 = 05$ 1) Scarcity is the root of a) All economic problems b) Social problems c) Political problems d) All problems 2) A histogram is a a) one dimensional diagram b) two dimensional diagram c) three dimensional diagram d) four dimensional diagram 3. In India census is carried out once in b) 10 years a) 5 years d) 2 years c) 1 year 4. Poverty line separates a) Poor and nonpoor b) Rich and nonrich c) Poor and weak d) none of the above 5. Workers who own and operate an enterprises to earn their livelihood is called a) Ministers b) Public servant c) self employees d) Government doctor II. Fill in the blanks $1 \times 5 = 05$ 6. Body of the table contains 7. Index numbers are expressed in 8. RBI regulates sector. 9. Indian system of medicines includes systems.

10. Thermal power plants emit large quantities of

III. Match the following

 $1 \times 5 = 05$

11.

B

- 1) Personal interview
- 2) The series consisted only one mode
- 1) A positive development
- 2) A non-institutional source

3) Quota

3) More response

4) Better gender equity

4) Quantity of goods that can be imported

5) Money lender

5) Uni mode

IV. Answer the following questions in a sentence / word.

 $1 \times 5 = 05$

- 12. What is dispersion?
- 13. Why do we need statistical tools?
- 14. Who introduced the great Proletarian Cultural Revolution?
- 15. What is seasonal unemployment?
- 16. What type of economic system is followed in Pakistan?

PART - B

V. Answer any four of the following questions in about four sentences each.

 $2 \times 4 = 08$

- 17. Write any two quality of a good questionnaire.
- 18 Differentiate between inclusive and exclusive method of classification
- 19. How can you obtain frequency curve?
- 20. Calculate the value of the median from the following figures.

X:5791211871525\

- 21. Give the meaning of two types of correlation.
- 22. Name the first four steps in developing a project.

VI. Answer any five of the following questions in about four sentences each.

 $2 \times 5 = 10$

- 23. What are the infrastructure facilities developed during colonial rule?
- 24. List the features of poorest households.
- 25. What are the various forms of health expenditure?
- 26. Give the meaning of rural development.
- 27. Who are all included in labour force?
- 28. How does infrastructure help the modern economy?
- 29. Mention any four strategies to achieve sustainable development.

PART - C

VII. Answer any three of the following questions in about twelve sentences each.

 $4 \times 3 = 12$

- 30. Briefly explain how statistics helps to study economics.
- 31. Do samples provide better results from the survey. Give reason for your answer.
- 32. Draw scatter diagram and conclude about correlation.

X	10	20	30	40	50	60	70	80
Y	25	20	25	35	40	35	50	45

- 33. Write a note on classification of data.
- 34. The yield of wheat per acre for ten districts of a state is as under.

District	1	2	3	4	5	6	7	8	9	10
Rice	22	29	12	23	18	15	12	34	18	12

Calculate quartile deviation (Q. D)

VIII. Answer any four of the following questions in about twelve sentences each.

 $4 \times 4 = 16$

- 35. Explain the demographic profile of India during colonial period.
- 36. Write a short note on land reforms in India.
- 37. Agriculture sector appears to be adversely affected by reform. Why?
- 38. Write a short note on alternative markets.
- 39. Explain the state of health infrastructure in India.
- 40. What are the various indicators of human development?

PART - D

IX. Answer any two of the following questions in about twenty sentences each.

 $6 \times 2 = 12$

41. What is component bar diagram? Draw a component bar diagram with the help of the following table

Enrolment by gender at schools (in percentage) of children aged 6-14 years in a district of Bihar.

Gender	Enrolled (in %)	Drop-outs
Boy	91.5	8.5
Girl	58.6	41.4
All	78.0	22.0

42. Calculate Q_1 , Q_2 and Q_3 from the following data:

22, 26, 14, 130, 18, 11, 35, 41, 12, 32.

43. The yield of rice per acre for ten districts of a state is as under.

District	1	2	3	4	5	6	7	8	9	10
Rice	22	29	12	23	18	15	12	34	18	12

Calculate standard deviation and co-efficient variation.

X. Answer any two of the following questions in about twenty sentences each.

 $6 \times 2 = 12$

- 44. Explain the important areas of liberalisation.
- 45. Explain the need for acquiring information relating to health and education expenditure.
- 46. What do you mean by organised sector? Discuss the reasons for fall in employment in the organised sector.

PART - E

XI. Answer any two of the following project oriented questions.

 $5 \times 2 = 10$

- 47. Record the daily expenditure, quantities bought and price paid per unit of the daily purchases of your family for two weeks. (such as rice, toor dal, tomato, onions and milk). How has the price change affected your family?
- 48. Suppose you are a resident of a village. Suggest a few measures to tackle the problem of poverty.
- 49. Identify and prepare the list of reasons responsible for the land degradation in your locality.
