- **(b)** When do the south-west monsoons reach Gujarat?

SECTION - III

 $4 \times 4 = 16$

NOTE:

- Answer the FOUR questions given below. (i)
- Each question has internal choice. You can choose any one. (ii)
- Each question carries FOUR marks.
- 10. Describe any four of major relief divisions of Indian land mass.

What is the meaning of international migration? Identify the reasons and consequences of it.

- "While service sector has grown, all service sector activities are not growing equally well. Service sector in India employs many different kinds of people. At one end there are a limited number of services that employ highly skilled and educated workers. At the other end, there are a very large number of workers engaged in services such as small shopkeepers, repair persons, transport persons, etc. These people barely manage to earn a living and yet they perform these services because no alternative opportunities for work are available to them."
 - Q: "The life conditions of all the people in service sector are not the same."-Comment.

OR

21E(A)/New

P.T.O.

OR

"The current laws about groundwater in many states are both outdated and inappropriate. They were developed at a time when groundwater was a marginal source of water. Today shallow and deep tubewells have the potential to draw a lot of water."

- Q: Write your comment on the judicious way of using and equal distribution of groundwater and suggest few measures in this regard.
- 12. Increasing urbanization is not just about greater opportunities for people and economy. It also results in many problems.
 - Express your attitude on the consequences of urbanization.

OR
