Speech - The Best Investment I Ever Made

'A man's life is shaped by the surroundings in which he lives'. Imagine you are asked to deliver a speech in the school assembly on this topic. Prepare the speech in the light of the story 'The Best Investment I Ever Made'.

Respected teachers and my dear friends,

Good morning to all. Today I am before you to speak a few words about the topic, 'A man's life is shaped by the surroundings in which he lives'. It is a widely accepted concept. Hereditary also plays a major role in shaping the life of a man. But often the environment controls him knowingly or unknowingly. Let's think of the events in the life of the young man in the story 'The Best Investment I Ever Made'. When he arrived in London to work as a clerk in a solicitor's office, as he was friendless, he fell victim to the loose society of the streets and made friends with bad companions. He lost all his earnings in gambling. He stole money from the office table and lost it too. He tried to commit suicide. It was his bad friendship that led to his ruin.

Now look at the other side. The doctor with the help of the sergeant and the landlady saved his life. They decided to give him a new life. The sergeant resolved to make no report of the case. The landlady offered a month's free board. The doctor gave him seven pounds and ten shillings to put back in the office table.

The kind acts of those good friends brought about a great change in the character of the young man. He dedicated the rest of his life to the care of boys and girls from city slums who had fallen under the ban of the law. Here we see how these good friends changed the life of that young man. So once again would like to say 'A man's life is shaped by the surroundings in which he lives'. With these words I conclude my speech.

Thank you and have a nice day.

Jai Hind.

Speech - The Best Investment I Ever Made

The Youth Welfare Organization has decided to honour Mr John for his valuable contributions in the field of social work. You are delivering a felicitation speech attending the function. Prepare the likely Speech.

Honourable dignitaries on and off the dais, our esteemed chief guest Mr. John and dear friends,

I am very much delighted in having got an opportunity to share a few words with you on this occasion. We have assembled here to witness a noble function of honouring Mr. John for his unique services he has been rendering in the field of rehabilitating the needy youths of our society.

"Man proposes, but God disposes!" As the maxim says, we cannot rewrite our destiny. Mr. John's life substantiates that great truth. Once he transgressed and led a loose life in his youthful days. He gambled to find money for his pleasures. He lost everything and he even stole some amount from his workplace. Finally having lost everything, he resolved to end his own life. Luck alone saved him. Kind-hearted persons like Dr AJ Cronin helped and brought him back to a normal life.

I'm very proud and happy to tell you that Mr. John has already paid all the debt he owed to the society. He and his wife have been travelling to different parts of the world to experience and execute the charity work among the maladjusted and delinquent youths. We have a lot to learn from the life-story of Mr. John. A timely intervention of three good people saved a young man and the young man in return keeps on serving our society!

A tiny deed of goodness can sometimes change the life of a man and a society. That's what has happened in the case of Mr. John. Let me congratulate Mr. John on behalf of our Youth Welfare Organization on his achievements and let me conclude my speech with much pleasure.

Thank you all, thanks a lot!
