Section - III

Note: 1) Answer all the questions.

2) Each question carries 8 marks.

4x8=32

10. (A) Read the following paragraph and answer the questions.

As the Ganga and Yamuna Rivers flow between the Himalayas and the Deccan plateau, this plain is called the Gangetic valley. As this plain receives very high rainfall, it is very fertile. These rivers bring silt from the Himalayas and flow through out the years. Intially the people of different types settled down to prac tice agriculture in convenient parts of the Valley. These tribes were called 'JANA' in sanskrit and the place where they settled was called 'JANAPADA'.

Why Indo-Gangetic plains are suitable for Establishing kingdoms? (OR)

[Contd...3

(B) Read the following paragraph and answer the questions.

The discovery of fire by the early people brought about great changes in their lives. Probably they made fire by striking two stones. Fire enabled them to eat roasted meat. This was the beginning of the cooked food. They also used fire to keep off wild animals and to light the caves. Wood was often heated on fire to harden it for fire.

Interpretate Human Evolution after discovery of fire.
