Paper-II

Part A - English

EM

Ouestion Numbers 1-15

Questions 1 to 4. Read the following passage and answer the questions below, choosing the correct answer from the options given.

We now know many curious things about ants. Some red ants in Europe keep other ants as slaves. They take their slaves from black ants which are smaller in size. When they want slaves they attack the nests of black ants and carry off some of their eggs. Their eggs are hatched in the red ant's nests and produce black ants. These black ants are then treated as slaves. They are taught to obey orders and made to do all kinds of work. The driver ants of Africa are the fiercest. They are completely blind and they march like a big army from one place to another. On the way, they eat up any living animals including big animals like tigers, and elephants. When these driver ants enter a house the people leave the house and run away into the forests.

1. Which are the fiercest ants?

| (a) Red ants | (b) Driver ants of Africa | (c) White ants | (d) Black ants Answer |
|--|--------------------------------------|-----------------------|------------------------|
| 2. The driver ants of Afr | ica eat big animals like | | |
| (a) Tiger | (b) Elephants | (c) Both (a) & (b) | (d) None of these |
| 3. How do driver ants of | Africa move? | | |
| (a) Independently | (b) Like a big army | (c) Separately | (d) Jointly |
