

1. Let's find out and write..

20

$$11 + 9 = 20$$

$$12 + 8 = 20$$

$$13 + 7 = 20$$

$$14 + 6 = 20$$

.....

.....

.....

.....

.....

21

$$12 + 9 = 21$$

$$13 + 8 = 21$$

$$14 + 7 = 21$$

.....

.....

.....

.....

.....

.....

22

$$13 + 9 = 22$$

$$14 + 8 = 22$$

.....

.....

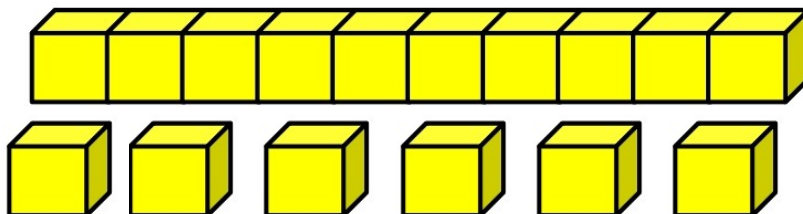

.....

.....

.....

.....

2. How many more?

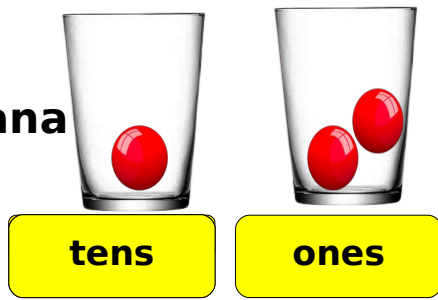

Total number of boxes ?

To make 25 how many boxes were added?

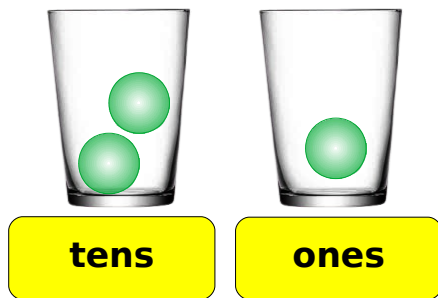

3. Let's find out each ones points in the game "throwing ball".

Nandana

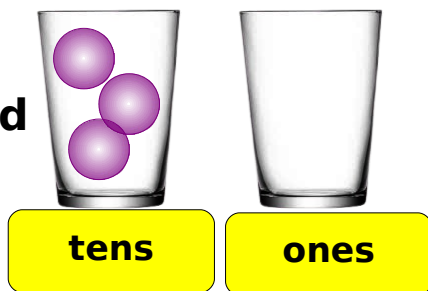

Tens	Ones	Points

Nuzrath

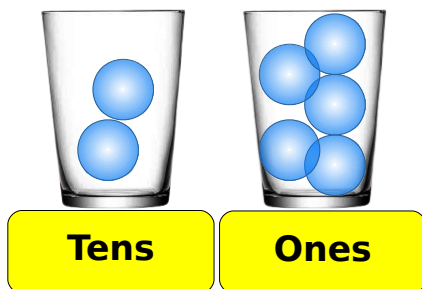

Tens	Ones	Points

Abhinand

Tens	Ones	Points

Unni

Tens	Ones	Points

**Who got the most points?
How much?**

--	--

**Who got the least points?
How much?**

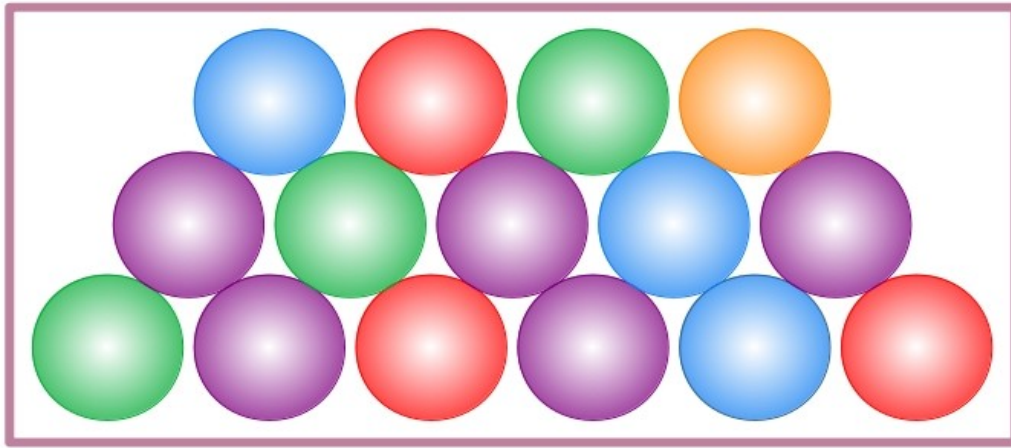

--	--

**Write the points from the
least to the most?**

--	--	--	--

4. Write the answer

● How many balls are there in the box ?

● If you take 6 balls from that, how many balls will be there?

● If we are adding 4 balls, how many balls will be there?

5. Text book activity

Queen and sons

Let's play Queen and sons

How?

This is how you play

- A long eerkkil piece is the queen. Ten short pieces are her sons.
- Toss them together on the floor.
- The long eerkkil should touch one small eerkkil, at least.
- Using one eerkkil, take out each piece; the others should not move.
- 10 points for the queen and 1 point for each son.
- Calculate points in each round.
- Play two or three rounds
- Winner is the one who scores most points

See the points Nandana and others got after 3 rounds.

Name	Queen	Sons	tens	Ones	Point
Abhinand	=====	=====	2	8	28
Nandana	=====	=====			
Namita	=====	=====			
Nuzrath	=====	=====			
Unni	=====	=====			
Sanju					29

Who got the most points?

Write the points from the least to the most

How did you do it?

To get as many points as a queen, how many sons must be taken?

Uncle bought Nandana some bangles. Two packets of 10 each and 6 more.

How many in all?

She wants bangles in both her hands.

How many bangles in each hand?

I found		My friend found	
Left hand	Right hand	Left hand	Right hand
18	8		

Let's do!

Fill in the boxes

..... ones

3 tens ones

10 + 10 + + 6

36

2 tens ones

30 +

..... + 6
