Thithiri and Friends

Colour the **tall** building
rose. The **short** one,
yellow.

Colour the **thick**
book in Meenu's hand,
red and **thin** book, blue.

Colour the dress of
the person holding
the **long** stick,
orange and the
short one, violet.

Colour the leaves of the tree **far** from the house, yellow and the trunk black. Colour the leaves of the tree **near** the house, green and the trunk brown. Paint the house as you wish.

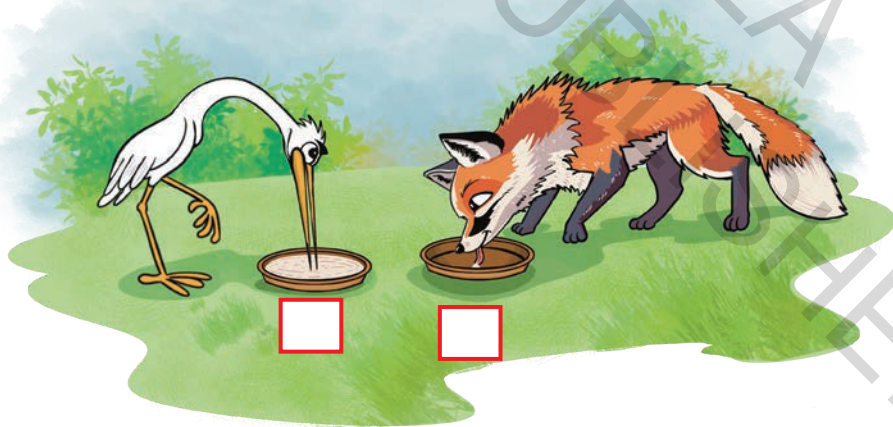

Colour the **big** goat, brown and **small** one, black.

Colour the **heavy** thing in Milan's hand, green and **light** one, red.

The teacher told you the story of 'fox and crane'.
Here are some scenes of the story.

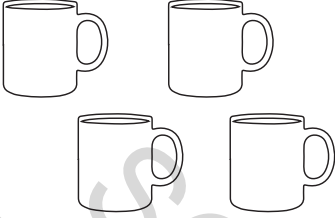

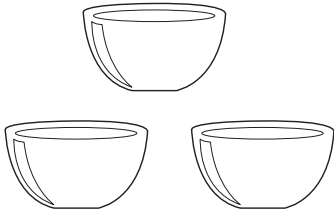

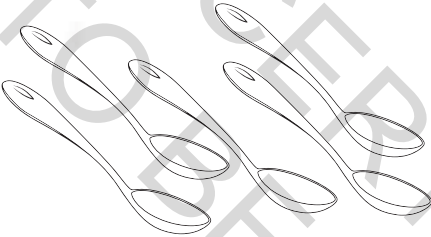

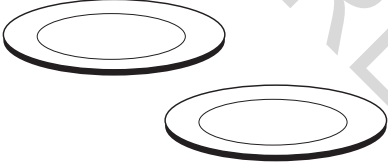

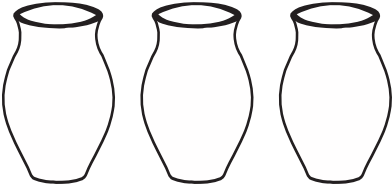

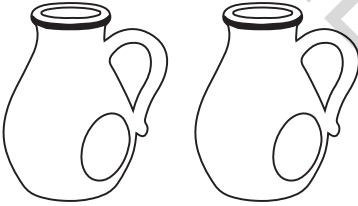

Put a ✓ mark below the vessel which is full.

Put a ✓ mark below the vessel which is empty.

Household utensils

Some pictures have the same number of things.
Give the same colour to these.

	
	
	
	
	

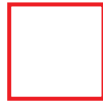

Let's distribute laddu.

Colour as many laddus yellow, as there are children.

How many?

Make groups.

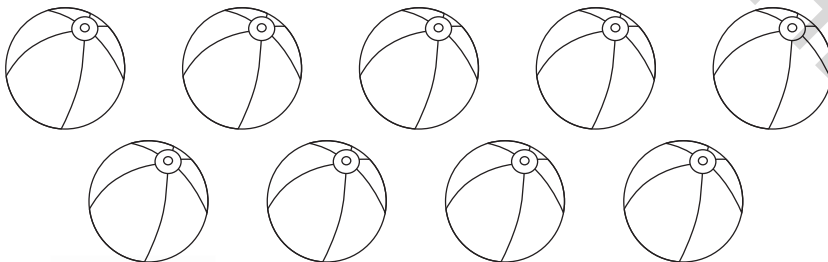

Circle two umbrellas and make a group

Circle three shirts

Circle five balls and colour them

Paste bindis equal to the number given below.

1	
2	
3	
4	
5	

Let's count and write.

Let's draw teeth.

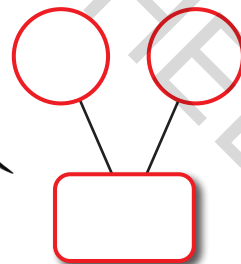

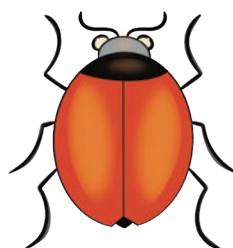

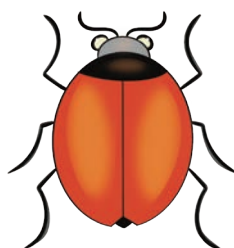

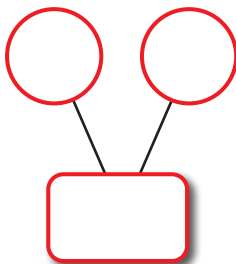

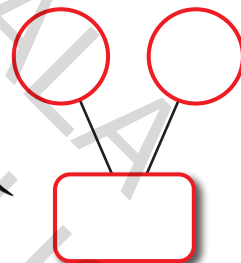

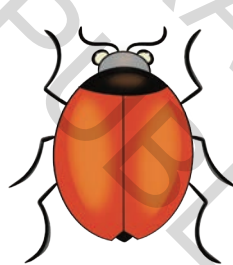

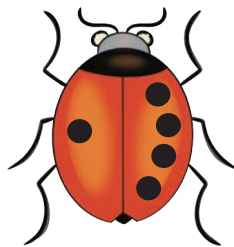

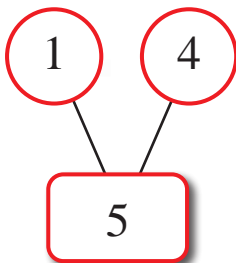

How many upper teeth?

How many lower teeth?

Draw dots on the ladybug.

Draw dots on the two wings of the ladybug in different ways to make it five.

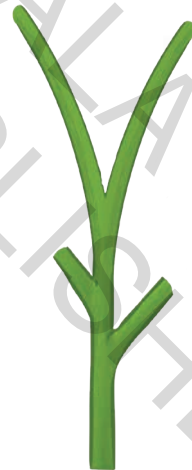

Count and write the numbers.

Leaves, flowers and butterflies

Cut and paste leaves and butterflies from page 53.

Cut lady's finger and dip in paint, to print flowers.

Count, Write.
