My travelling experience

I went on a trip to the beach and the Zoo.
I left on monday 9th November 2020 afternoon.
I had my little friends with me. We travelled by a bus.
On the way we saw many things. First we reached the beach.
I felt so happy. The cool waves and the blue sea were very beautiful. There were a lot of Palm trees.
Then we went to the zoo. We saw the meat eating tiger, an apple eating monkey, sleeping crocodile, dancing peacock and a hippo with its big mouth open.
The dancing peacock was the scene that I liked most.
I have enjoyed the trip very much.
That was an unforgettable one for me.

Anna's paper boat sailed through several places and saw many things.

Pictures of the travelling experiences of the paper boat and some sentences from the travelling experiences of paper boat are given.

◆ Match the pictures with the sentences.

Flowering plants danced on the shore.

A frog pounced on me .

One day Anna pushed me into a stream.
