The little girl in the story 'A Doll's Journey' is a young, innocent, and charming child. Subject: Complaint regarding malfunctioning of Butler Robot — Missing personal belongings

Sir,

I am writing to bring an urgent issue to your attention regarding the Butler Robot (Model BR-2026) recently purchased from your company.

Ever since the robot was activated at our residence, some of my valuable personal items, specifically my favorite T-shirt and football, have gone missing. Upon observing the robot's cleaning routines, I strongly suspect that its sorting sensors are malfunctioning and misplacing or disposing of household articles unintentionally.

I kindly request you to send a service technician to inspect and reprogram the robot or arrange for a replacement at the earliest. Looking forward to your prompt response.

Yours sincerely,
Ricky
