A few things to keep in mind

- If a holiday is declared on any exam day, the exam for that day will be conducted at school level, with the school preparing its own question paper.
- Students should reach school well before the cool-off time begins.
- Classes 3 – 7: two-hour exams, with 15 minutes of cool-off included at the start. Classes 8 – 10: cool-off already included in the timings.

All the best to our students!
